This charity has raised money to build a health centre and train doctors for the people living in Dodama, Tanzania. They have also built a school for the children. We are going to be school email **penpals** with 'Wisdom' school!

Email questions you would like to ask them at: light@st-james.derbyshire.sch.uk.

Why don't you ask them about their school, hobbies, weather and living in Tanzania?

Wisdom school are looking forward to hearing from us!

Today we gave our first donation to the children at Wisdom School. With the help of the charity founder, Ruth Chorley, 47 brand new fleece school cardigans will be winging their way to Tanzania very soon.
