

Bring a plant to school day

Tuesday 7th June 2022

- Cuttings from your garden
- Bedding plants
- Fruit and vegetable plants
- Herbs
- Any unwanted plant pots
- Indoor plants – Having plants in the classrooms can improve concentration, reduce stress levels and increase energy levels!

The whole school will be involved in lots of activities linked to planting and growing and will be having lots of fun getting their hands muddy!

Thank you for your support!
